

GOLF ENTRIES RATHER SCARCE

Only 70 Contestants for National Open Championship Have Registered.

New York, June 20.—Howard P. Whitney, secretary of the United States Golf association, announced here today that only seventy entries had been received so far for this year's national open championship, which is to be decided on the links of the Minikahada Club, Minneapolis, June 25-28. Several other entries are expected during the week and the pairing will not be made until Friday next.

Jerome D. Travers, who won the title last year, has not sent in an entry, and only one former champion, Alexander Ross, is on the list of players who will take part in the coming tournament. Tommy McNamara, a Boston professional who was the runner-up in three former national open championships, has entered from New York, and three Canadian professionals are named from Winnipeg, Man. Another professional entered is James A. Donaldson, Glenview Club, Evanston, Ill. In case there are only a few players added during the next few days the contest, which is planned for four days, may be decided in half that time. The qualifying rounds may be dispensed with and the sixty-four entrants with highest scores on the first day may continue for the championship. Fourteen amateurs are among the entrants, the most prominent being Charles (Chick) Evans, Jr. of Chicago. The other amateur aspirants for the title are J. S. Worthington, Mid-Surrey Golf Club, England, who arrived here a few days ago; Nelson M. Whitney and Euben G. Hush, New Orleans; Harrison R. Johnston, Harry G. Legg, L. W. Carpenter, Howard McMillan and George Sidenberg, Jr., Dickinson Golf Club, North Dakota; Elliot H. Evans, Chicago, and Douglas Grant, formerly of Yale, who is entered from the Burlingame Golf Club, San Mateo, Cal.

LES DARGY MAY VISIT U. S. SOON

Champion of Australia Reported To Have Left Sydney With Mgr.

New York, June 21.—Les Darcy, Australian middleweight, is expected to visit this country soon. Word was received here today that Darcy had left Sydney for San Francisco, where he will meet Jack Karna, his American manager. Should this information prove true, American enthusiasts of boxing can look forward to a match between Mike Gibbons, the St. Paul boxer, and Darcy. Attempts by promoters on both sides of the ocean to obtain a match between these two boxers have failed. It has been announced several times that the St. Paul boxer was intending to make the trip to Australia for a match with Darcy, but the Australian promoters have failed to come up to Gibbons's requirements.

Boxing promoters in this country have tried to get Darcy to come to the United States, and some good offers have been made. The Australian's feat in twice knocking out Eddie McGoorty, who was looked upon as a legitimate contender for the World's middleweight honor, convinced American promoters that he was a boxer of ability.

Either Earl Gardner, of San Francisco, or Wm. Johnston, Griffin's national team mate, was to oppose Griffin in the finals for the championship.

William Johnston and Griffin qualified for the finals in the men's doubles by defeating Wickham Havens and Carl Gardner, 5-1, 5-6.

A RUN FOR THE MONEY

BY HOBAN

In Boyland:

School Sports, Juvenile Sports, Boys' Amateur Sports, and News and Gossip of the "Future Greats."

By TOM CLEMENTS.

MANAGERS of the teams in the class "B" division of the Boyland Baseball league are reminded that their games are being played at Rio Grande Park through the courtesy of John McCloskey, Jr., who is in charge of the park. Mr. McCloskey has complained about the disorder that attended last Saturday morning's contests. The Boyland department is going to put it up to the different managers to see that their players behave at the park and also to assist in controlling the spectators who start any rough house. If better order is not maintained, it will not be possible to obtain the use of this park.

Managers are also reminded that the rules call for the return of the score cards, properly filled in, to the Boyland department after each game. The names of all players—not merely their nicknames—should be given in these report blanks. A representative of Boyland department is at most of the games and managers should turn over the score cards to him after the game or send them in to The Herald.

Announcement will be made in the near future as to the trophies to be awarded the winning teams in each league. It is important that the list of players taking part in each game should be filed as there will likely be ten trophies for each championship team and they will go to the players taking part in the most games of their team.

East El Paso Juniors are still signing up new men. Three more have been taken on this week, Louis Marty,

Jack Rutherford and Chapo Loya. This team has been building up lately, and how is fairly strong.

The Westsiders have also signed up another man, Errol Lapowski. Lapowski has played in the "A" indoor baseball games as well as in outdoor baseball, and will come in handy for the Westsiders.

Has the St. Ignatius manager had his pitcher and catcher weighed yet? If not, he should do so before next Saturday's game, and if they are too heavy, he should have substitutes provided. If they play and should be protested, the game is liable to be thrown out or awarded the other team.

Teams playing in the Saturday league at Rio Grande park should be more careful when in the park about raising a "rough house."

The Cactus Motor company team, of class "B," of the Saturday league, goes up against the St. Ignatius team in their second game. If they win this game they will certainly prove their worth.

MAYOR LEA STOPS TEAMSTER FROM LITTERING THE STREET

Mayor Tom Lea saw a contractor's wagon dropping mud and gravel on West Overland street Friday morning and he did not wait to call a policeman. Stepping his automobile, the mayor jumped out and read the riot act to the driver. The man called his attention to a city ordinance prohibiting the littering of the streets by teamsters and others and told him if he dropped anything else off his wagon he would arrest him personally. The driver looked after his load and, after making it impossible for anything more to fall from the wagon, drove on. So did the mayor.
